Hi Kelly,

Thank you so much for showing us how you incorporate Khan Academy into your classroom. I am thankful we were able to use our PLC time to learn something that is applicable to our teaching and learning. Your presentation will help me guide my students with assignments that are aligned with the state standards and prepare them for their state test.

Thanks again!

Hi Kelly,

Thank you so much for presenting on Khan Academy. Being able to see how to set up classes, view scores, and use them to select activities is going to be so helpful in differentiating with my students.

Thanks again!
